

DO NOT cross 19th St or go all the way to the light on West Circle Dr or walk along West Circle Dr.

Do not take the dogs through the lobby, through the front parking lot or through the parking lots of our neighbor businesses.

Green volunteers may walk only as far as the stoplight in front of Whiting's to the west and to the first RAC driveway to the east (Solid line above).

'Green 2' and higher volunteers may walk to the west as far as the second-to-last utility pole before West Circle Drive. To the east, Green 2 folks may go as far as the east side of the RAC property and follow the bike path to the south to Cascade Meadows (dashed line above). Please do not follow the bike path around the meadow – observe their 'no pets allowed' signs.

When crossing driveways, take extra care to stop and look for traffic. When crossing at the Whiting's light, use the pedestrian crosswalk button and wait for the light.

Stopping points are marked above by the double lines.

Clean up any stool left by our animals and do not allow them urinate/defecate on the business signs and landscaping (utility and light poles are OK).

Some distances (for the curious) from the PCHS sign to:

back door	.08 mile	1 st RAC driveway:	.20 mile
Cascade Meadows sign:	.30 mile	Whiting's stoplight:	.20 mile
Cascade Meadows meadow:	.50 mile	second-to-last utility pole by West Circle Dr:	.40 mile
