

Cat Quiz

True and False Questions:

1. If a cat is rubbing against the cage door and purring, they are inviting you to play. It is fine to poke your finger in the cage to interact with them. True _____ False _____
2. If you have cats at home, you really know all there is to know about shelter cats. They are one in the same after all. True _____ False _____
3. The staff at PCHS are always willing to help answer your questions, but they have many duties to perform in a day and must stay focused on their work. True _____ False _____
4. Bringing kitty treats from home is encouraged! A little treat now and then makes it easier to bond with the shelter cats. True _____ False _____
5. Level Green training allows you to interact with the cats that are currently out of their cages. True _____ False _____

Multiple Choice:

6. If an adoption counselor is showing a cat to a potential adopter, you should:
 - a. Try to help by describing all the good things you know about PCHS and the shelter cats.
 - b. Tell the people stories about your cat experiences so they know what to expect if they decide to adopt.
 - c. Leave the room and allow the adoption counselor time and space to work with the client.
7. A sign posted on a cat's cage may tell you:
 - a. If the cat is on vet hold, or special information about behavior
 - b. If the cat has had a food change
 - c. If the cat has a pending adoption on file
 - d. All of the above
8. After leaving a cat room to visit another room you should:
 - a. Go home and take a hot bath
 - b. Eat something, you've worked hard with those cats and you are hungry!
 - c. Use hand sanitizer and the lint roller brush on your clothes to remove fur.
9. The cat you are holding becomes anxious and is struggling to get away. You should:
 - a. Hold on tighter so they don't jump and hurt themselves
 - b. Set them down quickly, but gently
 - c. Try to calm them by humming a soothing song
