117 Rescue Quilt

A quilt with a truly touching story covering over 30 years. An unfinished quilt top in a variation of the "Cake Stand" pattern was saved from being tossed away unwanted after the creator's passing. The rescuer added to the dimensions using similar reproduction fabric to match the pre-Great Depression fabrics. However, due to arthritis, she was unable to finish the quilt. So, it waited patiently until rescued again by another person (our donor) with the intent to finish it and donate to an animal rescue. After being packed away and moved three times by our donor, she was able to finish the quilt and have it machine quilted with a "Baptist Fan" pattern. This is truly a Rescued Quilt, like those dogs and cats we work with at the shelter every day. Finished dimensions: 92 in x 96 in.
